ANNISTON ARMY DEPOT

ANCDF Chemical Demilitarization Operations: August 9, 2003 ~ August 10, 2004

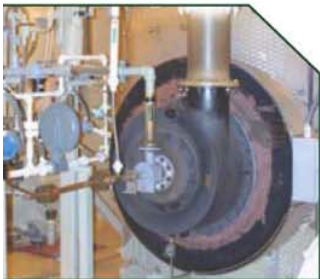

[WWW.CMA.ARMY.MIL](http://WWW.CMA.ARMY.MIL)

## Leading the Way to a Safer Future

The Anniston Chemical Agent Disposal Facility is safely destroying the stockpile of chemical weapons stored at Anniston Army Depot while ensuring maximum protection for the environment, general public, and personnel involved in the disposal effort.

- Disposal is safer than continued storage.
- Incineration is truly a safe, efficient disposal process.
- More than 17.5 million pounds have been safely incinerated by the U.S.
- Pollution control systems protect people, environment.

## Anniston Milestones/Facts
